## Monday

Start your Monday with a therapeutic massage, Cupping Therapy. This massage is a new service that we hope you love.

Experience the therapeutic benefits of a Cupping Therapy. This ancient healing technique utilizes specialized cups that create a gentle suction on your skin which improves circulation, detoxification and muscle relaxation. Our skilled therapists will apply the cups to specific areas of your body to create a sensation of deep release. As the cups glide over your skin, they help to break up fascial adhesions, stimulate lymphatic drainage and promote the body's natural healing process. This Cupping Therapy is a revitalizing and rejuvenating experience that can provide relief from muscle soreness, improve flexibility and enhance overall well-being. Note: Due to the suction of the cups, temporary skin discoloration may occur for a few hours or up to a week.

Special Price: \$180 (originally \$210)
