

TRAVELING WITH PETS AT CHAMPIONSGATE OMNI ORLANDO AT CHAMPIONSGATE

POLICY

Welcome to Omni Orlando Resort at ChampionsGate! We are proud to be a pet friendly resort. In order to maintain this status, we ask that you follow our pet related procedures:

- Pets under 50 pounds are allowed on the second floor of the main resort building. Each room with a pet will be charged a non-refundable cleaning fee of \$225 per stay for the first pet and \$100 additional for a second pet (if applicable). Pets are not permitted in the villas. Our 50 pound pet limit is strictly enforced. Pets that are larger will not be allowed in the resort.
- Pets (other than service dogs) are restricted to the guest room and designated pet walking area. Pets are not allowed in the following areas: Convention center, restaurants, lounges, retail shops, spa, fitness center, pool and recreation areas.
- A walking area has been set up for your pet. Once you exit the front entrance of the resort it will be located to the right. If you are unsure of this location, please check with the Bell Services department located by the main entrance.
- If the pet causes damage, barks, makes other noises, or is otherwise a cause of guest complaints, the resort reserves the right to require the guest to remove the pet. If the guest is not available to remove the pet, the resort reserves the right to move the pet to another part of the resort. The resort is not required to provide any warning or second chance for violation of this policy. The decision of the resort will be final.
- The pet must be kept in a pet carrier when resort associates are in the room to clean or provide other services and/or if you plan to leave the pet by itself. If the pet is not in a carrier, the resort reserves the right to not enter the room.
